To die, die, exodus, hack spiel, earn to kill the escape hack gioco, escape hack jeux, give the exodus hack to death, give the exodus hack to death, earn to die... Shortly after escaping by helicopter from earning to die in 2011, the helicopter runs out of fuel and you are simply stocking it back into a zombie-infested area. You have to hunt for safe locations and trips through packs of zombies using cars. One sport that you've absolutely upgraded is similar to the gains of the past to die video games. Getting paid, getting newer and more powerful cars, improving and getting to each checkpoint, these are definitely your goals with this video game sequel. Control arrow keys - speed up the car and pass the arrow vital down - split and transfer to the left Arrow essentials - you can tilt the vehicle specifically when you are in the air. Activate ctrl or X-booster. (The booster must be set automatically to activate this element.) Upgrading and getting a car is complete with the use of your mouse. Vehicle Muscle Mass Vehicles - This car should not be acquired, it can be ready for an upgrade after the game starts out there. This is a similar level to get from a good old die in 2011 glove Humvee – it charges \$500. It is really practical to work with this vehicle when you have the money to get paid faster and buy a bus. The price of \$2500 to completely upgrade this car or truck is the only way to complete the sport. Upgrade Gas - This keeps your vehicle going, the more you update, the more distance you go on the holiday wheel – the more you upgrade the wheels and let you drive less complicated with the rocky terrain and climb uphill. Gearbox and engine - The amount of gas will be destroyed much faster, even if the upgraded engine travels a wide range of distances. Increase - When placed in a booster, it helps to climb the ramp and speed up in the air. As you can find out, the car will not accelerate despite the journey because activating reinforcement in the air is a means for maintaining speed. Zombie Kit - This activity can be a new property with a sequel. It is really a list of deadly melee weapons set above the hood of your car. This installation can help you to stay away from zombies that can block out the best way. Total - lightweight device from gun to big specific one. Guns stove immediately from zombies on the website. Nevertheless, this property has its limitations, and it is no longer a fireplace when your gun lacks ammunition. Suggestion: If you have enough income to maximize your improvement, do so. It will eventually help you save you a little bucks. Getting a basic upgrade of wheels, engines, and transmissions is much better than just buying the final update, as it is likely to be ignored as soon as you purchase the final upgrade. Another add-on within the previous edition of the checkpoint is the checkpoint procedure. As soon as you arrive at the checkpoint, another garage awaits. (The garage for all checkpoints has very much the same car and equipment, almost all upgrades will be changed to cars and trucks as soon as you reach another checkpoint.) Earning one of the more important things to do in this video game is to get the cash as fast as you can to get a school bus and improve it completely. Your daily reward earnings are determined by the space you travel, and zombies will bash you. Warning: Clicking on the restart degree button will reduce all the money earned through the previous operation, it is best to go to the garage whenever you The checkpoint could not be reached. Age APPROPRIATION violence in this zombie apocalypse video game is an excessive amount for children younger than twelve. It's a healthier decade to participate in this video game. 2 Exodus To Earn Porridge, Earn Porridge 2012 Part 2 Hack, Earn To Die 2012: Part 2 2
